WORK EXPERIENCE

Georgia Institute of Technology, *Graduate Teaching Assistant,* Atlanta, GA   May 2020 – Present
- Serve as a TA for the master's level sections of Data Analytics in Business
- Responsible for creating a complete refresh of the course unit on finance factor models including both new slides, examples, lecture materials, and code.
- Tutor students in a variety of the course's cross-cutting topics in applying statistical methods and machine learning to the fields of finance, digital marketing, and operations management.
- Led all other TA's in response time, efficiency, and quality by addressing 944 individual student questions over the 10-week summer semester and over 700 in the most recent spring semester.

Integritas Investment Management, *Equity Research Internship,* Alpharetta, GA   January 2019- June 2019
- Initiated coverage of 13 companies operating primarily within the oil & gas industry
- Developed statistical models to better forecast shale and LNG production yields in North American basins
- Consulted with Wells Fargo Securities & Valens Research analysts on equity research findings and analysis
- Identified & conducted extensive financial and quantitative analysis of small to mid-cap value equities
- Analyzed and generated periodic fund allocation, attribution, and performance reports

Industry Pro Advisors, *Private Equity Acquisitions Internship,* Woodstock, GA   May 2018 -August 2018
- Sourced 478 potential acquisitions on behalf of a variety of private equity clients over the period
- Provided industry coverage of oil & gas, medical devices & services, and manufacturing
- Worked with analyst teams on creating DCF/LBO models and presented analysis to managing directors

LEADERSHIP & OTHER RELEVANT EXPERIENCE

Trading Experience   May 2016- Present
- Develop, back test, and execute trading strategies within U.S. equity, fixed income, and options markets
- Diligently manage risk factors and allocations with a targeted market neutral portfolio

SIFMA Stock Market Competition Advisor   February 2015 - Present
- Mentor students in understanding the fundamentals of investing and the stock market
